## About the 20-Year Neighborhood Park Plan (NPP20)

NPP20 is a historic, long-term initiative based on a 2016 agreement between the Minneapolis Park and Recreation Board (MPRB) and the City of Minneapolis. It incorporates the following measures:

- Helps address racial and economic equity across 160 neighborhood parks
- Protects existing levels of local MPRB funding
- Dedicates a minimum of \$11 million in additional funding to Minneapolis neighborhood parks annually, through 2036
- Directs the additional funding to three program areas: operations, maintenance and repairs, as well as rehabilitation projects and capital investments

**Every neighborhood deserves a great park.**

## Executive Summary

### NPP20: A Legacy Initiative

The 20-Year Neighborhood Park Plan (NPP20) is a long-term initiative that is transforming Minneapolis' neighborhood park system. It followed "Closing the Gap: Investing in Neighborhood Parks," a 2015 initiative to define neighborhood-park needs and growing funding gaps and determine how best to address those funding gaps.

In response to that initiative, MPRB developed NPP20 as an historic agreement with the City of Minneapolis. It includes two ordinances that provide additional funding for neighborhood parks through 2036 as well as a new system for allocating that funding equitably.

- **Additional funding:** NPP20 reverses years of underfunding for 160 neighborhood parks. First, it protects current levels of all MPRB funding, including the \$2.5 million MPRB receives annually from the City that is part of the capital improvement program (CIP). It also dedicates additional funding annually to meet needs today and for generations to come: In 2018, this additional funding amounted to \$11.1 million; in 2019 it was \$11.3 million and in 2020 it amounts to \$11.5 million. The new NPP20 funding is dedicated to the restoration, repair and replacement of obsolete and deteriorating park assets in three key program areas: operations, maintenance and repairs; rehabilitation projects; and capital investments. Over the 20-year course of the NPP20 initiative, the overall quality and condition of neighborhood parks and park assets across the system will steadily improve.
- **Allocation of Funding:** NPP20's criteria-based system marked a fundamental change in allocating funding for capital investments to neighborhood parks and prioritizing park projects. It plays a critical role in helping to address racial and economic equity throughout the park system, using relevant, data-driven criteria to ensure that capital investments are targeted first in the parks and neighborhoods where they are needed the most. The full set of criteria receive an annual review to address unintended consequences of the ordinances and adapt to changes in neighborhoods and in parks due to shifting demographics and economics. Meanwhile, rehabilitation projects are identified, prioritized and scheduled using a range of factors, including project distribution under equity criteria; and all neighborhood parks throughout the system benefit with increased maintenance service levels, made possible through an increase in operating funds.

### Transition Period: 2017 to 2021

MPRB is honoring park projects approved prior to NPP20, as part of its 2016-2021 Capital Improvement Program (CIP). From 2017 to 2021, the CIP is also expanded because the new NPP20 funding allows for allocations to additional parks, based on the system for equitable neighborhood park funding that is described above. Beginning in 2022, all capital investment funding will be allocated using this system. (For details, see the CIP documents in the Appendix.)

## Executive Summary

### Tracking and reporting annual outcomes: 2017 to 2019

As a large-scale, long-term initiative, NPP20 will necessarily evolve. MPRB produces this report as an annual update to help track NPP20's outcomes, in accordance with the NPP20 ordinance. The report provides key financial and other details on NPP20's three program areas for the report year (2019) and the years preceding and following (2018 and 2020). In addition to NPP20-funded projects, the report includes projects with funding allocations for 2018 through 2021 that were approved in 2016 (see "Transition period" section on page three). Note: a portion of funding for each program area below is dedicated to management of that program area.

- **Operations, Maintenance and Repairs** – \$3.1 million was allocated in 2018; \$3.3 million in 2019 and \$3.5 million for 2020. This program area funds increases to achieve and sustain targeted service levels in the following categories: mowing; tree pruning; gardens and planted areas; play area equipment; outdoor park furniture; concrete and asphalt pavement; roofs; buildings and recreation centers; plumbing start-up/shut-down; electrical systems; and heating, ventilation, and air conditioning (HVAC) systems.
- **Rehabilitation** – \$3,976,000 was allocated for 2018; \$3,700,000 for 2019 and \$3,700,000 for 2020. This program area funds major repair and replacement projects in nine work categories: accessibility improvements related to the Americans with Disabilities Act (ADA); buildings and recreation centers; roofs; heating, ventilation, and air conditioning (HVAC) systems; park amenities; park lighting; below-grade infrastructure; sidewalks and pavement; and operations facilities.
- **Capital Investments** – In 2018, \$6,391,120 was allocated for projects in the planning, design or construction phase at seven neighborhood parks; and in 2019, \$6,850,000 was allocated for projects at eight neighborhood parks: four new projects and four projects that launched earlier. In 2020, \$6,800,000 is allocated for new projects at seven neighborhood parks and six projects that launched earlier.

One requirement of the report is to summarize the impact to the overall operating costs for the projects undertaken by the MPRB under the NPP20 ordinance. At this point in the 20-year period of the initiative, these impacts have not yet begun to register. However, in the process of implementing NPP20, MPRB is also developing tactics and strategies and implementing technologies that will continuously improve its maintenance and operations as well as the management and delivery of projects. It is generally expected that NPP20 will improve efficiency and operating costs on these related fronts:

- Increased maintenance will maximize the service life of park assets and, over time, reduce the backlog for repairs and rehabilitation projects.
- A reduced backlog results in larger numbers of park assets that are consistently available to the public.
- Some cost savings will result from investments in energy-efficient investments that, for example, reduce water and electricity usage.

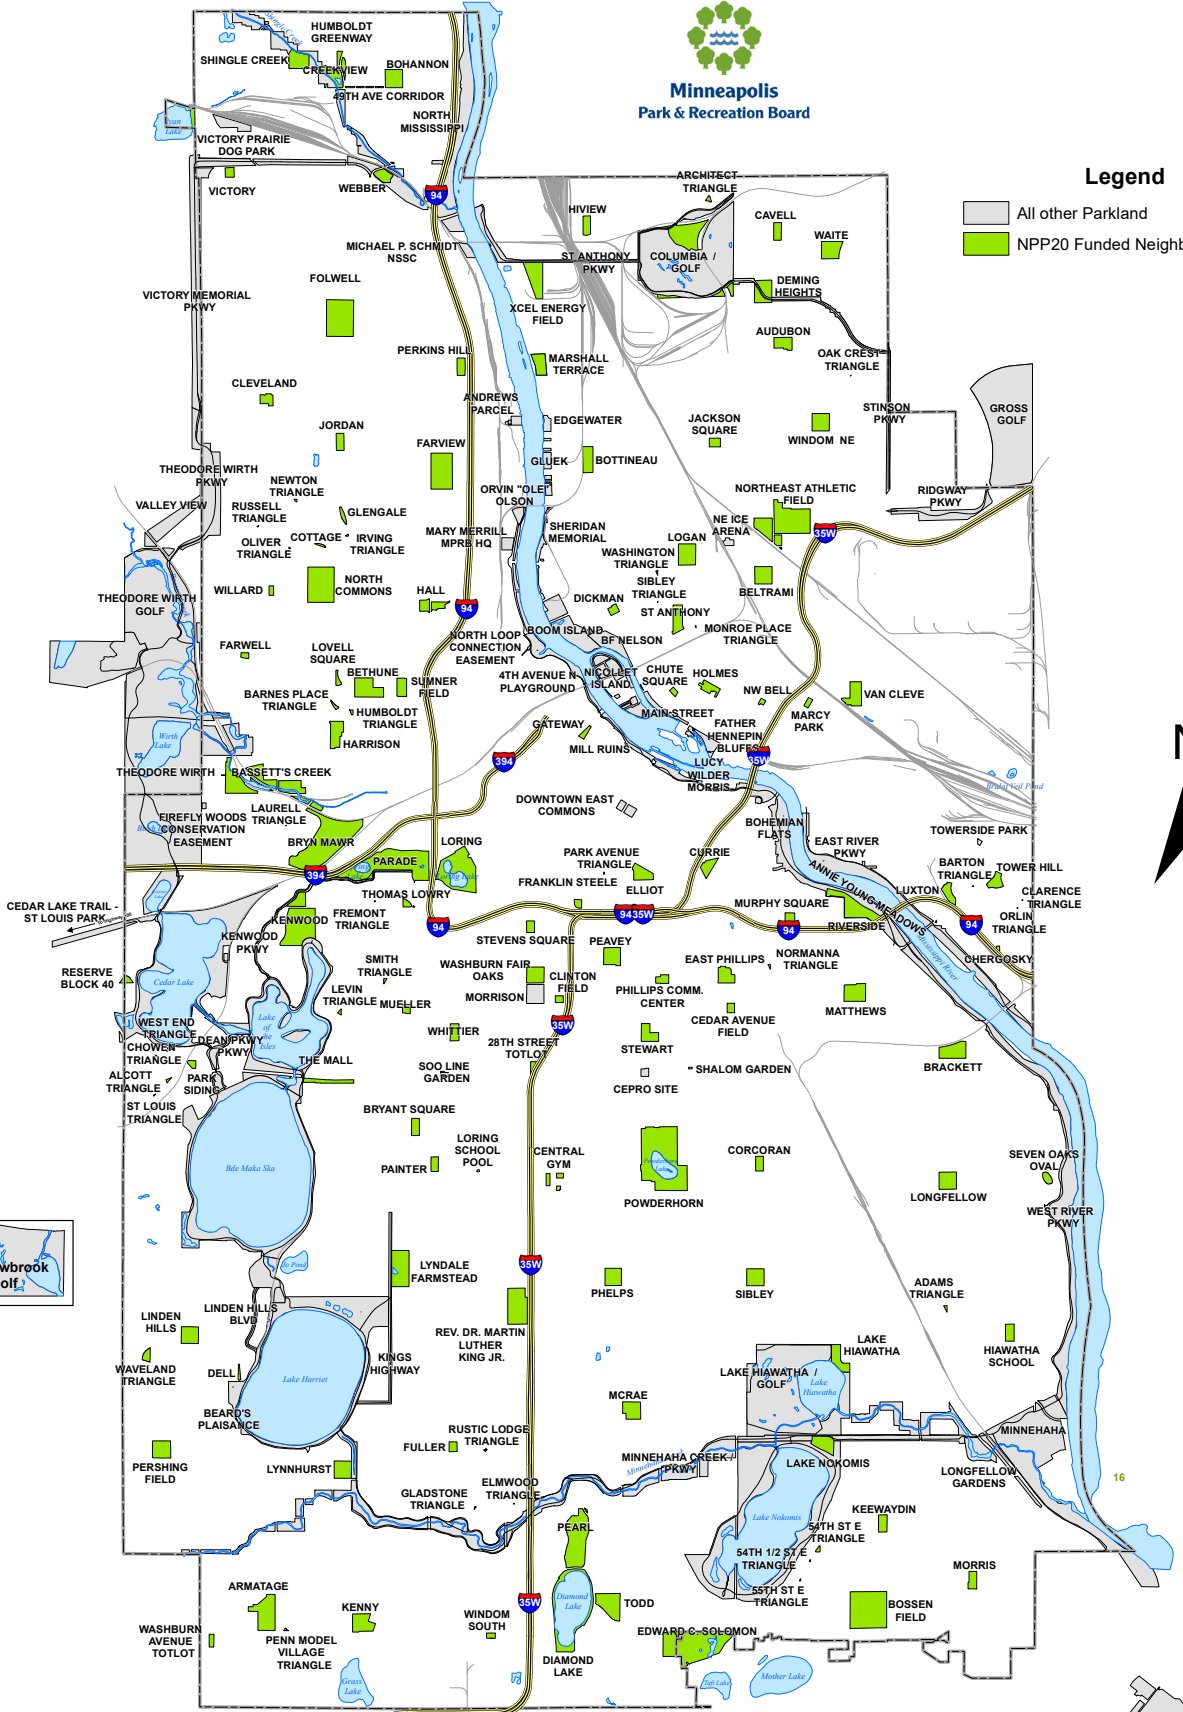

# Executive Summary

## Legend

- All other Parkland
- NPP20 Funded Neighborhood Parks

## NPP20-Related Ordinances

In large part, NPP20 is the outcome of the “Closing the Gap: Investing in Neighborhood Parks” initiative. This ambitious 2015 effort assessed 160 neighborhood parks and quantified the dual impacts of the age of the system and of deferred maintenance (that is, regular upkeep delayed past the point of repair).

By the end of 2015, the Closing the Gap data had provided MPRB, City leadership and Minneapolis residents with a comprehensive picture of what was needed to restore and maintain aging neighborhood parks throughout the city – and the gaps in funding available to pay for those needs. It also provided assessments on a range of funding ideas and strategies to close the funding gaps. These included sponsorships, donations, adding vendors/concessions and partnerships – as well as the observation that “Across the engagement methods [used for Closing the Gap] participants expressed a willingness to address the funding gap through an increase in property taxes.”

Given that support, MPRB focused on preparations for a referendum to be presented to voters during the November 2016 election, including proposed referendum language. Meanwhile, Minneapolis Public Schools and the City of Minneapolis were also considering referendums to increase funding for schools and street repairs. Rather than include these referendums on the same ballot, the City and the MPRB began negotiations on providing additional City funding for neighborhood parks. Included in the negotiations were the MPRB Superintendent, MPRB Board President, MPRB Commissioners, City Council President and City Councilmembers, with support from staff from MPRB, Save Our Minneapolis Parks and especially city residents who voiced support for increased neighborhood park funding.

In 2016, the City of Minneapolis and MPRB laid out the terms of agreement for the 20-Year Neighborhood Park Plan: a historic agreement to ensure additional annual funding dedicated to neighborhood parks. NPP20 funding totaled \$11 million in 2017, the first year of the initiative. Both government agencies worked closely to pass concurrent NPP20 ordinances ensuring an essential long-term investment in neighborhood parks. The City’s ordinance also included provisions to protect existing financial arrangements between the City and MPRB, as well as increased funding to repair city streets.

The MPRB Commissioners passed two ordinances: The NPP20 ordinance lays out the terms of the plan and protects all funding allocations between the City and the MPRB; and the second “equity ordinance” ensures that NPP20 investments are allocated using criteria that address racial and economic equity.

### About the NPP20 Ordinance

The findings and purpose of the ordinance for the 20-Year Neighborhood Park Plan, adopted on May 18, 2016, note the considerable advantages of NPP20 as a 20-year financial agreement:

- It allows the City and MPRB to “achieve a shared goal of closing a neighborhood parks funding gap utilizing racial and economic equity criteria.”
- It is “consistent with existing annual levy and capital budget processes.”
- It “avoids the uncertainty and inflexibility of various potential ballot measures.”
- It protects existing financial arrangements between the City and MPRB.

## NPP20-Related Ordinances

### Funds for Operations, Maintenance and Repairs

Referred to in the ordinance as “Operating Funds,” this funding comes from an increase in property taxes that equated to approximately 1% of all City tax levies the year the NPP20 ordinance was adopted and remains in effect for the duration of the plan. The increase yielded \$3 million in 2017, an amount that increases annually through the Board-approved annual property-tax levy. These funds cannot supplant other operations funding for neighborhood parks. This funding is dedicated to operations and implementation of NPP20, and includes increases to achieve and sustain targeted service levels for a range of maintenance categories: mowing; tree pruning; gardens and planted areas; play area equipment; outdoor park furniture; concrete and asphalt pavement; roofs; buildings and recreation centers; plumbing start-up/shutdown; electrical systems; and heating, ventilation, and air conditioning (HVAC) systems.

### Funds for Rehabilitation and Capital Investments

The ordinance specifies increasing by \$8 million the current \$2.5 million a year in funds received from the City that are appropriated for these projects, for a total “Guaranteed Minimum Annual Amount” of \$10.5 million per year. This Guaranteed Minimum Annual Amount will be reviewed and updated by the City and the MPRB in 2020, 2025 and 2030, “based on mutually acceptable objective measures of inflationary costs and other salient factors.” These capital funds are dedicated to capital investments and rehabilitation projects in neighborhood parks, with the latter focused on eight work categories: accessibility improvements related to the Americans with Disabilities Act (ADA); buildings and recreation centers; roofs; HVAC systems; park lighting; below-grade infrastructure; sidewalks and pavement; operations facilities. Projects will occur at multiple park sites throughout the city every year.

### Reporting Requirements

The NPP20 ordinance specifies several reporting requirements that shall be carried out on an annual basis beginning in 2017, as part of implementation of NPP20. This 2019 report fulfills these requirements, as follows:

*“In each subsequent year for the duration of the Neighborhood Park Plan, the MPRB will update the five-year project schedule and make a public presentation to the City Council in a report that contains (i) the current status of all projects in the five-year plan, including the plan’s utilization of a criteria-based system with a focus on racial and economic equity to determine equitable distribution of funding (on a rolling basis with the end point of 2036); and (ii) a summary of projects undertaken during the preceding year and those projects that will commence in the following year and the impact to the overall operating costs for the projects undertaken by the MPRB under this ordinance.”*

Also, while it is not required, the NPP20 annual report will show the impacts of the funding increases for operations, maintenance and repairs.

### About the “Equity Ordinance”

This ordinance is a critical element of implementing NPP20 and is the first of its kind, among U.S. park systems. Both the City and MPRB committed to ensuring that racial and economic equity criteria were utilized in determining the distribution of NPP20 funds to neighborhood parks. Therefore, MPRB adopted a separate ordinance on July 6, 2016, often referred to as “the equity ordinance” and officially titled the “Criteria Based System for MPRB Capital and Rehabilitation Project Scheduling.” The ordinance explains the specific, quantifiable criteria used to determine funding allocations for capital investments and rehabilitation projects throughout the neighborhood park system. The equity ordinance is reviewed annually and will be updated if needed, to address unintended consequences and adapt to changes in neighborhoods and parks.

### Criteria used to calculate equity rankings for neighborhood parks

The criteria fall in two categories, community characteristics and park characteristics, and were developed with feedback from representatives of local organizations whose work focuses on racial equity. More than 100 neighborhood parks are evaluated, scored and ranked annually using the criteria (for the neighborhood park rankings used for MPRB’s 2018, 2019 and 2020 budgets, see Appendix pages 48-A to 50-A, 61-A to 63-A and 75-A to 78-A, respectively).

Criteria for Equity Rankings	
Community Characteristics	Park Characteristics
<ul style="list-style-type: none"><li>• Areas of concentrated poverty and racially concentrated areas of poverty</li><li>• Population density</li><li>• Youth population</li><li>• Neighborhood safety</li></ul>	<ul style="list-style-type: none"><li>• Condition of park assets</li><li>• Age of park assets</li><li>• Ratio of past 15 years of investments to the replacement cost of all major assets in a park</li></ul>

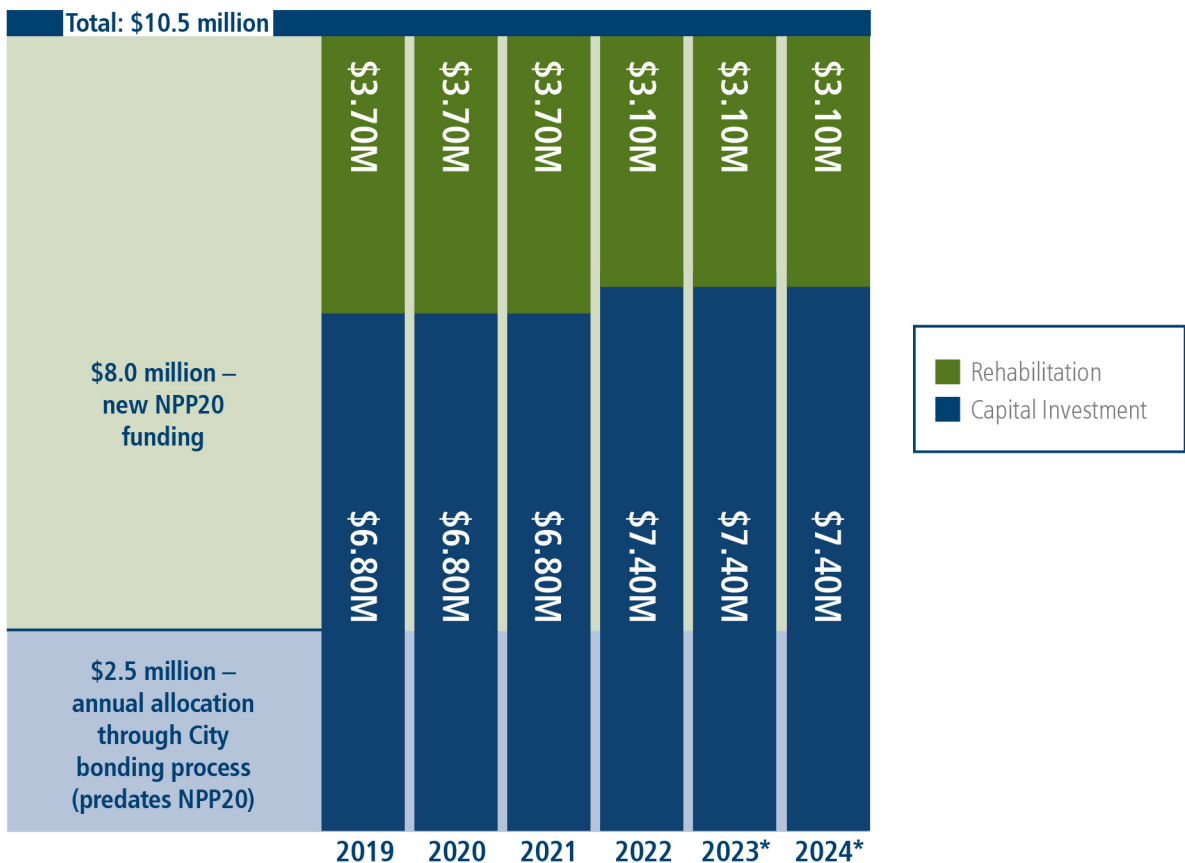

## Six-year project schedule: the Capital Improvement Program

Every year as part of its budget process, the MPRB develops and adopts a six-year plan for its Capital Improvement Program (CIP). Included in the CIP are NPP20 funding allocations both for capital investment and rehabilitation projects in neighborhood parks as well as updated equity rankings for parks in the neighborhood system (see Appendix C, page 37-A). These annual allocations draw on the \$2.5 million per year historically appropriated through the regular City bonding process, in addition to the new NPP20 funding in the amount of \$8 million, per the NPP20 ordinance. Within the CIP, funds for capital investments in neighborhood parks increase each year, from \$6.3 million in 2018 to \$7.4 million in 2023; while funding for rehabilitation decreases accordingly over the same time period, as MPRB catches up on the repair and replacement backlog.

Per the NPP20 ordinance, the CIP also incorporates “equity criteria”: that is, a criteria-based system with a focus on racial and economic equity that is used to determine equitable distribution of funding (see “About the ‘Equity Ordinance’” on page 7); and the current equity rankings for neighborhood parks. In utilizing these rankings on a rolling basis, with the end point in 2036, the 2019-2024 CIP allocates NPP20 funding to the parks with current equity rankings up to 44. If the rate of park improvements continues at this pace, all neighborhood parks with major amenities will benefit from a first round of improvements prior to the conclusion of NPP20.

The vast majority of park projects in the CIP are described as “master plan implementation,” rather than with specifics such as a wading pool or play area. This is because MPRB works to engage staff and community members in selecting the aspects of a master plan to be implemented once funding becomes available. Through this “participatory project scoping” process, the community has a say in how capital investment funding is used. Regardless of the project scope selected for a park, the proposed funding shown in the CIP remains allocated to that park.

## 2019-2024 Capital Improvement Program summary

\* The amount of funding in 2022, 2023 and 2024 will be adjusted in December 2020, based on objective measures of inflationary costs and other salient factors mutually acceptable to the City of Minneapolis and MPRB, per the NPP20 concurrent ordinances.

### Capital investment projects and the transition to NPP20 funding

Within the six-year CIP, numerous park projects scheduled between 2017 and 2021 had funding allocated before the NPP20 ordinance was adopted in 2016 and NPP20 funding allocations began in 2017. The MPRB is honoring these previously approved park projects and their funding allocations, regardless of the equity rankings for the parks; see footnote (3) on page 17.

At the same time, because of NPP20, MPRB was able to add capital investment allocations for parks with high equity rankings, including Bassett's Creek, Currie and Farwell parks in 2019. In addition, some parks with funding that predates NPP20 received additional NPP20 funding allocations based on their high equity rankings: Farview, North Commons and Phelps Field parks, for example, received NPP20 funding in 2019 that supplemented earlier allocations.

Beginning in 2022, NPP20's equity criteria will drive all allocations and scheduling for capital investment projects in neighborhood parks. (For details on the six-year Capital Improvement Programs for 2018, 2019 and 2020, see pages 16-20 and Appendix C, page 37-A.)

### Expanding the rehabilitation program

After the NPP20 ordinance was adopted in 2016, the MPRB began work to expand its rehabilitation program. This program addresses a wide range of major repairs and replacements that fall outside both routine maintenance and capital investment projects. With NPP20 funding, the six-year rehabilitation budget of \$20.4 million (2019 – 2024) is five times higher than the \$3.97 million budget prior to NPP20.

NPP20's rehabilitation program encompasses nine categories of work: accessibility improvements related to the Americans with Disabilities Act (ADA); buildings and recreation centers; roofs; heating, ventilation and air conditioning (HVAC) systems; park amenities (also known as the "neighborhood amenity fund"), park lighting; below-grade infrastructure; sidewalks and pavement; and operations facilities. A 2018 amendment reallocated funds among these categories to align with and account for work that is performed by staff and contractors from MPRB's Asset Management department and coded to the buildings and recreation centers and park amenities categories.

In addition, the program features guidelines to identify, prioritize and schedule projects. For details, see pages 12-15 and Appendix C, pages 40-A to 41-A (2018); 46-A to 47-A (2018-2023); 53-A to 54-A (2019); 60-A (2019-2024); 66-A to 67-A (2020); 73-A to 74-A (2020-2025).

### Enhancing the operations, maintenance and repairs program

In 2017, MPRB developed a program to enhance a range of critical operations, maintenance practices and repairs in the following areas: mowing; tree pruning; gardens and planted areas; play area equipment; outdoor park furniture; concrete and asphalt pavement; roofs; buildings and recreation centers; plumbing start-up/shut-down; electrical systems; and heating, ventilation, and air conditioning (HVAC) systems.

The program set initial targets for service level enhancements in 2017 and 2018, laid out a five-step approach to these enhancements, and set a timeline for each maintenance and operations practice. In 2019, the NPP20 funding allocation for operations, maintenance and repairs was \$3.3 million and for 2020 it is \$3.5 million. (For details see page 10.)

## NPP20 Operations, Maintenance & Repairs

This program area accounts for operating costs related to implementing NPP20, including increasing and sustaining service levels for a range of maintenance practices that are critical to revitalizing all neighborhood parks. Regular maintenance improves the performance and maximizes the service life of park equipment and amenities. That, in turn, improves efficiency and sustainability throughout the park system.

Goals for NPP20-funded maintenance include: incorporate environmentally sustainable practices; improve the integrity and durability of parks and park amenities; achieve and sustain targeted service levels for mowing and tree pruning; decrease the timeframe for replacing outdoor park furniture (benches, tables, grills, etc.); achieve and sustain targeted service levels for maintaining play areas, gardens, buildings and sidewalks; and focus on an equitable distribution of resources per capita across the city. MPRB spent the full amount of NPP20 funding for this program area in 2018 (\$3.1 million) and 2019 (\$3.3 million) and is on track to spend the full \$3.5 million for 2020.

### Process for increasing/enhancing various operations, maintenance and repair practices

1. **Analyze** current procedure
2. **Evaluate** and develop work plan
3. **Train** staff and implement program changes
4. **Evaluate**
5. **Fully initiate** new procedures

Operations & Routine Maintenance	Pre-NPP20 Service Level	2019 Service Level	Target Service Level
Turf Mowing	Every 14 days	Every 10 days	Every 10 days
Buildings and Recreation Centers – Maintenance/Repairs	126,067 hours/year	145,000 hours/year	145,000 hours/year
Gardens and Planted Areas – Maintenance	4,080 hours/year	6,300 hours/year	6,300 hours/year
Outdoor Park Furniture – Repairs/Replacements	Every 20 years	Every 10 years	Every 10 years
Plumbing Start-up/Shutdown	6-8 weeks	6-8 weeks	3-4 weeks
Tree Pruning	Every 10 years	Every 7.5 years	Every 7.5 years

Inspections & Repairs	Pre-NPP20 Service Level	2019 Service Level	Target Service Level
Play Areas	2 times/year	11 times/year	4 times/year
Sidewalks and Concrete	.25 mile/year	1 mile/year	1 mile/year
Asphalt Surfaces	None	Annually	Annually
Roofs (annual rotating basis)	None	Annually	Annually
HVAC Systems, Boilers, Electrical Systems	Periodically	Annually	Annually

## NPP20 Operations, Maintenance & Repairs

This program area funds work in categories covering a wide range of park assets.

Turf Mowing

Buildings and Recreation Centers –  
Maintenance/Repairs

Play Area Inspections/Repairs

Gardens and Planted Areas –  
Maintenance

Outdoor Park Furniture –  
Repairs/Replacements

Tree Pruning

Roof Inspections/Repairs

Plumbing Start-up/Shut-down

HVAC, Boiler and Electrical Systems  
Inspections/Repairs

Asphalt Surfaces – Inspections/Repairs

## NPP20 Rehabilitation

NPP20 allowed MPRB to expand its rehabilitation program, which repairs, restores or replaces park facilities and amenities that are not part of capital investment projects. New NPP20 funding increased the six-year (2019 to 2024) rehabilitation budget to \$25 million, which is five times greater than the previous six-year budget of about \$3.97 million.

Goals for NPP20 rehabilitation program include: enhance park safety; meet critical codes and regulations; implement MPRB's Americans with Disabilities Act (ADA) Transition Plan; address critical failures and make necessary replacements from a maintenance backlog; improve or restore functionality, efficiency and long-term performance; focus on park features most in need of repair or replacement. Flexibility is key because the program comprises a wide range of projects in terms of scale and complexity, and because of the changing conditions of park assets that require work.

### Process for identifying and scheduling rehabilitation projects

1. **Establish** and maintain inventories of all park assets requiring maintenance, repair or eventual replacement
2. **Assess** condition of assets using qualified industry professionals
3. **Rank** assets' need for rehabilitation: critical, high, medium or low
4. **Prioritize** rehabilitation projects considering more than a dozen factors, including condition, seasonality, cost estimates and efficiencies in project delivery, as well as a park's equity ranking

**Note on "Buildings and Recreation Centers" and "Park Amenities" categories:** Although funding for these categories was realigned in 2018 (see page 9, second paragraph under "Expanding the rehabilitation program"), projects for these categories performed by Asset Management staff were not tracked in 2019. In 2020 and going forward, the department is tracking the numbers of projects in these categories.

2018 Rehabilitation Category	NPP20 Budget	% Budget Allocated	\$ Amount Allocated	# of Projects in Process as of 12/31/2019	# of Projects Completed as of 12/31/2019
Accessibility Improvements	\$713,000	100%	\$713,000	0	24
Buildings and Recreation Centers	\$803,460	100%	\$803,460	0	20
Roofs	\$570,000	100%	\$570,000	0	5

### PHOTO CAPTIONS:

**A Luxton Recreation Center:** Roof and siding replacement

**B Various Recreation Centers:** ADA-compliant door operators were upgraded or installed at the main entries of 21 recreation centers; entry doors were also replaced at some of those locations. This work was coordinated through MPRB's long-term ADA Action Plan and complements ongoing accessibility improvements in parking lots and on pathways to recreation centers.

**C Brian Coyle Community Center at Currie Park:** New LED lighting and the addition of destratification fans improve the environment in the center's gym.

**D Matthews Recreation Center:** Restroom renovations began at both Matthews and Farview recreation centers. The designs follow MPRB guidelines for restrooms based on both ADA requirements and equitable access for all genders.

**E Corcoran Recreation Center:** Two new, higher-efficiency furnaces

**F East Phillips Park:** New lighting at the park's northwest corner

## NPP20 Capital Investments

Capital investment projects build, replace or reconstruct park facilities and amenities, for example: recreation centers, athletic fields, playgrounds and pools.

Goals for NPP20 capital investments include:

- Implement approved master plans for an individual neighborhood park or a Service Area Master Plan.
- Support MPRB's RecQuest initiative to ensure that recreation facilities, programs and services align with current and long-term community needs.
- Align with MPRB's goals to increase accessibility and racial equity.
- Address the needs of diverse park users and better reflect changing neighborhoods.
- Focus on parks in under-served areas of the city, in accordance with the NPP20 equity criteria ordinance.

### Notes

- (1) The "NPP20 Budget" figures include only NPP20 funding; capital investment projects may include other funding sources.
- (2) Expected completion date for a project is an estimate and is based, in part, on future funding allocations for the project and approval of a park's master plan
- (3) MPRB is honoring previously approved projects from the 2016 - 2021 CIP; see page 9, "Capital investment projects and the transition to NPP20 funding."
- (4) A portion of the scoping and community engagement phase for these park projects was completed or is in progress as part of a service area master plan. The Southwest Service Area Master Plan is expected to be adopted in 2020.

### For full details

- For full details, see documents from the Capital Improvements Program for 2018, 2019 and 2020 in Appendix C, pages 38-A to 77-A.

2018 Projects	NPP20 Budget <sup>(1)</sup>	% Budget Allocated	\$ Amount Allocated	(Expected) Completion <sup>(2)</sup>	Project Phase as of 12/31/19

# NPP20 Capital Investments

## Process for Identifying and Scheduling Capital Investment Projects

1. **Evaluate**, score and rank neighborhood parks annually, using the criteria-based system established in the Equity Ordinance.
2. **Allocate** funds annually to parks with the highest rankings, on a rolling basis so that allocations go to new parks each year.
3. For details, see page 8: "About the Equity Ordinance."

### Typical Phases for a Capital Investment Project

- Scoping and Community Engagement
- Preliminary and Final Design
- Procuring for Construction
- Construction
- Warranty/Complete

2019 Projects	NPP20 Budget <sup>(1)</sup>	% Budget Allocated	\$ Amount Allocated	(Expected) Completion <sup>(2)</sup>	Project Phase as of 12/31/2019
Armatage Park <sup>(3)</sup>	\$291,000	4%	\$10,630	Summer 2021	■ <sup>(4)</sup>
Bryn Mawr Meadows Park <sup>(3)</sup>	\$291,000	2%	\$6,130	Spring 2022	■ <sup>(4)</sup>
Currie Park	\$2,212,000	100%	\$2,212,000	Fall 2020	■
Currie Park/contingency	\$240,000	0%	\$240,000	Fall 2020	■
Farview Park <sup>(3)</sup>	\$150,000	49%	\$72,860	Fall 2020	■
Farwell Park	\$265,000	2%	\$5,719	Fall 2020	■
Keewaydin Park <sup>(3)</sup>	\$541,000	3%	\$18,866	Fall 2021	■
Linden Hills Park <sup>(3)</sup>	\$292,000	4%	\$11,767	Summer 2021	■ <sup>(4)</sup>
Loring Park* <sup>(3)</sup>	\$360,000	2%	\$7,560	Spring 2022	■ <sup>(4)</sup>
Lovell Square Park	\$50,000	0%	\$0	Fall 2020	■
Lyndale Farmstead Recreation Center / contingency	\$121,000	0%	\$0	Spring 2020	■
North Commons Park	\$74,000	100%	\$74,000	Fall 2021	■ <sup>(4)</sup>

Victory Park	\$750,000	8%	\$58,292	Summer 2021	■
Construction contingency	\$0	100%		N/A	
<b>Total allocated</b>	<b>\$6,800,000</b>	<b>49%</b>	<b>\$3,345,184</b>		

### \*Other Notes

- Currie and Phelps parks: Construction on these projects was delayed because initial construction bids exceeded the project budget, and another round of bidding was required.
- Loring, North Commons, Painter and Stewart parks: The launch of these projects was re-scheduled to 2020, due to staffing constraints.
- Phillips Community Center/Aquatics Center and Painter Recreation Center: received allocations from the NPP20 contingency fund.

## NPP20 Capital Investments Examples

**Peavey Park** The Phillips community celebrated a second phase of improvements in May, which included a new playground, multi-purpose field and central promenade, as well as site grading, and park lighting.

**Currie Park** Construction began in September on improvements from the park's master plan, including a new splash pad, restroom building and basketball court, in addition to playground safety fencing and path and lighting improvements. A grand opening is planned for summer 2020.

**Folwell Park** A new playground was installed in the fall; additional improvements to be constructed in spring 2020 include athletic field lighting, path lighting, path improvements and rebuilt tennis courts.

**Painter Recreation Center** A re-opening celebration in April showcased changes to the center's meeting room, lobby and reception desk; remodeled restrooms and other accessibility improvements; new LED lighting, ceilings, floors and paint; and added air conditioning and new furnaces.

## NPP20 Capital Investments Examples

**Phelps Field Park** Planned improvements include a new splash pad/ water play feature, new play areas and picnic shelter, and new paths and path lighting and, if the budget allows, a reconstructed athletic field. Construction was delayed to 2020 after bids solicited in 2019 exceeded the project budget.

**Perkins Hill Park** The public submitted feedback in December on a concept plan featuring a pump track for skates, bicycles, scooters and gliders; a natural-surface mountain-bike skills trail; and other site improvements and furnishings. Construction is planned for 2020.

**North Commons Water Park** The water park opened in July for its 22nd season, following the replacement of filtration and electrical systems for all three of its pools. The new systems can be retained for future construction of a new water park.

### **Cleveland, Farview, Folwell and Lovell Square Parks**

Relocating, consolidating and improving playgrounds at these parks creates space for flexible uses and sets the stage for future improvements. Construction is planned for 2020. Pictured: detail of Farview Park concept plan.

## Resolution 2016-195

### Second and Final Reading of Resolution Adding Chapter 16 to the Minneapolis Park and Recreation Board Code of Ordinances - 20-YEAR NEIGHBORHOOD PARK PLAN

Whereas, The Minneapolis Park and Recreation Board (MPRB) was created by the Minnesota Legislature with an affirmative vote by Minneapolis voters of the Park Act on April 3, 1883 establishing what has become a primary contributor to the quality of life in all parts of the city;

Whereas, The Minneapolis Park and Recreation Board (MPRB) is an independently elected, semi-autonomous body responsible for governing, maintaining and developing the Minneapolis Park System;

Whereas, Minneapolis parks encompass the city's defining lakes and the river banks at the core of the city's development;

Whereas, Acquired by purchase and donation, the parks include features of astonishing beauty, historical significance and ecological wonder, all within a thriving urban setting;

Whereas, Historical accounts indicate Minneapolis residents believe the park system is a unique and valuable asset, plays an important role in serving the public, and contributes to the economy;

Whereas, More than this, the parks are imbued with personal meaning—the playgrounds that live in the memories of generations of people, are the soul of our communities;

Whereas, The 6,801-acre system consists of neighborhood and regional parks, playgrounds, wading pools, recreation centers, sports fields and courts, golf courses, gardens, biking and walking paths, nature sanctuaries, lakes and a 55-mile parkway system;

Whereas, Minneapolis' neighborhood parks have the greatest number of physical assets that require greater resources to operate, maintain and replace;

Whereas, The Superintendent and Commissioners initiated Closing the Gap: Investing in Neighborhood Parks (Closing the Gap) in 2015 to share information with Minneapolis residents and partners about the current condition and service level of neighborhood parks;

Whereas, Closing the Gap looked at the impacts of the age of the system and deferred maintenance – or delayed regular upkeep past the point of repair – have had on the 160 neighborhood parks in Minneapolis;

Whereas, Closing the Gap gathered information from Minneapolis residents and partners about investment priorities for replacement, operating and maintenance of existing neighborhood park assets;

Whereas, Following the extensive Closing the Gap initiative, the City of Minneapolis and the Minneapolis Park and Recreation Board, have negotiated an historic agreement, protecting current Park Board funding and providing new funding for Minneapolis' neighborhood parks;

Whereas, This agreement, the 20 Year Neighborhood Park Plan, provides additional annual funding for neighborhood park maintenance, rehabilitation and capital investments provided by the City of Minneapolis; and

Whereas, This resolution is supported by the MPRB 2007-2020 Comprehensive Plan values of sustainability, responsiveness and innovation and independence and focus;

RESOLVED, That the Board of Commissioners adopt Chapter 16 of the Minneapolis Park and Recreation Board Code of Ordinances; and

RESOLVED, That the President of the Board and Secretary to the Board are authorized to take all necessary administrative actions to implement this resolution.

TO: Minneapolis Park and Recreation Board

FROM: Jayne Miller, Superintendent

DATE: May 18, 2016

SUBJECT: Second and Final Reading of Resolution Adding Chapter 16 to the Minneapolis Park and Recreation Board Code of Ordinances - 20-YEAR NEIGHBORHOOD PARK PLAN

---

## CHAPTER 16 – 20-YEAR NEIGHBORHOOD PARK PLAN

### PB16-1. Findings and purpose.

The City of Minneapolis and its Park and Recreation Board have developed a 20-year financial plan to achieve a shared goal of closing a neighborhood parks funding gap utilizing racial and economic equity criteria in a manner that is consistent with existing annual levy and capital budget processes and that avoids the uncertainty and inflexibility of various potential ballot measures.

### PB16-2. Definitions.

The following terms whenever used in this article shall have the following respective meanings:

BET means the Board of Estimate and Taxation under Article V of the City Charter.

City means the City of Minneapolis, acting through its City Council and Mayor as provided in Article IV of the City Charter.

Exigent Economic Events means state-imposed levy limits, decreased market value for tax capacity purposes, changes in the state's property tax classification system, or other events that impact the City's ability to raise revenues through taxation or other means.

MPRB means the Park and Recreation Board under Article VI of the City Charter.

Neighborhood Park Capital Project(s) means the addition of a structural improvement to the Neighborhood Park System or the restoration of some aspect of an asset in the Neighborhood Park System that will either enhance the asset's overall value or increase its useful life.

Neighborhood Park Plan means the funding plan outlined in Section PB16-3.

Neighborhood Park Projects means Neighborhood Park Capital Projects and Neighborhood Park Rehabilitation Projects.

Neighborhood Park Rehabilitation Project(s) means an improvement or repair to the Neighborhood Park System that does not constitute a Neighborhood Park Capital Project.

Neighborhood Park System means those parks that (i) are owned, operated and maintained by the MPRB, or owned and maintained, by the MPRB (ii) are generally less than two blocks in size, but can be larger, and (iii) are neither designated as part of the Metropolitan Council System of Regional Parks and Trails nor part of any of the MPRB's golf courses.

Unanticipated Critical Needs means natural disasters, disease, acts of god, and similar occurrences that place extraordinary demands on City resources.

#### PB16-3. 20-Year Neighborhood Park Plan.

- A. Term. The Neighborhood Park Plan is effective from 2017 through 2036, unless earlier terminated as provided in paragraph J, below.
- B. Concurrent Ordinance. The Neighborhood Park Plan will be effective only upon adoption of a concurrent Neighborhood Park Plan ordinance by the City.
- C. Exclusive Purpose. The financial resources that the City provides to the MPRB under the Neighborhood Park Plan must be used exclusively to fund the Neighborhood Park System as further delineated below.
- D. Startup Funding. The City will provide a one-time reimbursement of \$1.5 million to the MPRB on or about January 1, 2017, for initial costs for capital improvements to, rehabilitation of, or operating expenses relating to the Neighborhood Park System.
- E. Operating Funds. The City will recommend that the BET increase the adopted base 2016 MPRB Park and Recreation Tax Levy amount of \$52,583,000 by \$3 million in 2017 and it is expected that the City and MPRB members on the BET will vote affirmatively for this increase. It is the intent of the parties that this increase, which equates to approximately 1% of all City tax levies for 2016, will remain in effect for the duration of the plan and shall be used to increase funding for general operations

of the Neighborhood Park System and not to supplant other operations funding for the Neighborhood Park System.

F. Project Funds.

1. Guaranteed Minimum Annual Amount. Beginning in 2017 and continuing for the term of the Neighborhood Park Plan, the City will provide the MPRB with a guaranteed minimum annual amount of funding for Neighborhood Park Projects. The guaranteed minimum annual amount will be \$10.5 million per year (the current \$2.5 million per year appropriated through the regular City bonding process plus \$8 million per year in additional funds), the form of which will be some combination of levy, cash, or bond proceeds at the discretion of the City. If bond proceeds are to be used through the BET, it is expected that the City and MPRB members of the BET will support the bonding proposal(s).
2. Adjustments to Guaranteed Minimum Annual Amount. The City and the MPRB will review and adjust the guaranteed minimum annual amount on or before December 15, 2020, December 15, 2025, and December 15, 2030, based on mutually acceptable objective measures of inflationary costs and other salient factors. Examples of mutually acceptable objective measures of inflationary costs and other salient factors over the previous five-year period would include: the consumer price index, wage growth, producer price index, RSMMeans, and any other objective measures of the ability of taxpayers to afford tax increases that may result from any increases adopted for the next five-year period. The five-year adjustments will be approved by the concurrent resolutions of the City and MPRB. Any adjustment approved in 2020 will be effective for years 2022 through 2026. Any adjustment approved in 2025 will be effective for years 2027 through 2031. Any adjustment approved in 2030 will be effective for years 2032 through 2036.
3. Use; Control. The guaranteed minimum annual funding amount of \$10.5 million and future adjusted annual amounts shall be used only for Neighborhood Park Projects, but shall be under the sole control of the MPRB.
4. Capital Projects Process. Each Neighborhood Park Capital Project shall be identified in the City's annual five-year Capital Long Range Improvement

Program Process under Minneapolis Code of Ordinances Chapter 35, as amended from time to time.

G. Reports.

1. Initial Report. The MPRB will make a public presentation to the City Council prior to the adoption of the City's 2017 budget in a report outlining the MPRB's proposed five-year project schedule for the Neighborhood Park Plan, including the MPRB's utilization of a criteria-based system with a focus on racial and economic equity to determine equitable distribution of fund and the impact to the overall operating costs of the MPRB.
  2. Annual Reports. In each subsequent year for the duration of the Neighborhood Park Plan, the MPRB will update the five-year project schedule and make a public presentation to the City Council in a report that contains (i) the current status of all projects in the five-year plan, including the plan's utilization of a criteria-based system with a focus on racial and economic equity to determine equitable distribution of funding (on a rolling basis with the end point of 2036); and (ii) a summary of projects undertaken during the preceding year and those projects that will commence in the following year and the impact to the overall operating costs for the projects undertaken by the MPRB under this ordinance.
- H. Changed Circumstances. For any applicable year within the term of the Neighborhood Park Plan, the City may determine that the occurrence of an Unanticipated Critical Need or Exigent Economic Event prevents the City from maintaining the agreed upon level of support to the MPRB for that applicable year. Such City determination and the amount of funding less than the \$10.5 million or less than a subsequent adjustment amount stipulated in concurrent resolutions as provided in paragraph F.2, above, must be set forth in an amendment to the ordinance for that applicable year.
- I. Ballot Measures Precluded. The Neighborhood Park Plan is intended for the duration of the plan to be a substitute for any levy referenda, charter amendments or other ballot measures to provide additional funding for the MPRB outside of the existing annual levy and capital budget processes. Therefore, for the duration of the Neighborhood Park Plan, the MPRB will refrain from advocating, supporting, or

approving any manner of ballot measure to increase Neighborhood Park System funding.

- J. Early Termination. If the City exercises its right to significantly reduce or suspend Neighborhood Park Project funding to the MPRB under Section PB16-3(H) for at least three (3) consecutive years, then the MPRB may by resolution of the MPRB opt out of the Neighborhood Park Plan. If the MPRB fails to spend the funds in accordance with the Neighborhood Park Plan or fails to make the public presentations to the City that are required under Section 16-3(G), then the City may by resolution of the City Council opt out of the Neighborhood Park Plan. If the MPRB or the City elects to opt out, then the concurrent ordinances will automatically terminate and neither party will have any further obligations under the Neighborhood Park Plan.

#### PB16-4. Reservations.

- A. Local Government Aid. The MPRB will continue to receive 11.79% of the annual amount of Local Government Aid funds that are awarded to the City each year, irrespective to the 20-Year Neighborhood Park Plan.
- B. Administrative and Benefit Administrations Fees. The MPRB will continue to pay to the City the City's administrative and benefit administration fees, as amended from time to time, with a mutually agreed upon cost allocation methodology, at rates proportionate to the rates the City applies to its own operations, irrespective of the 20-Year Neighborhood Park Plan.
- C. Levy Request Authority. The MPRB will retain its authority, as provided in the City Charter and State law, to request a maximum property tax amount and rate from the BET and to adopt an annual property tax levy within the maximum set by the BET, irrespective of the 20-Year Neighborhood Park Plan. However, it is anticipated that the MPRB inflationary increases should not exceed the City levy inflationary increases.
- D. MPRB cooperation on BET matters. Concurrent with this ordinance, the City has adopted a 20-year Street Infrastructure Plan which may rely on bond proceeds issued through the BET. It is expected the City and MPRB members of the BET will

support bond proposal(s) made by the City to the BET for the 20-Year Street Infrastructure Plan.

HISTORY:

05/04/16

Minneapolis Park and Recreation Board

ADOPTED

Approved on a Roll Call Vote

Prepared By: Jayne Miller, Superintendent, Superintendent's Office

**MPRB Ordinance: Chapter 17 - Criteria-Based System for Capital and Rehabilitation Neighborhood Park Project Scheduling (adopted July 2016)**

ORDINANCE 2016-102

AN ORDINANCE OF THE  
MINNEAPOLIS PARK & RECREATION BOARD

Adding Chapter 17 to the Minneapolis Park and Recreation Board Code of Ordinances - CRITERIA BASED SYSTEM FOR CAPITAL AND REHABILITATION NEIGHBORHOOD PARK PROJECT SCHEDULING (IN CONJUNCTION WITH CHAPTER 16 - 20 YEAR NEIGHBORHOOD PARK PLAN)

The Park & Recreation Board of the City of Minneapolis does ordain as follows:

Section 1. That Chapter 17 of the Minneapolis Park & Recreation Board Code of Ordinances be added to read as follows:

CHAPTER 17 – CRITERIA BASED SYSTEM FOR CAPITAL AND REHABILITATION NEIGHBORHOOD PARK PROJECT SCHEDULING (IN CONJUNCTION WITH CHAPTER 16 - 20 YEAR NEIGHBORHOOD PARK PLAN)

PB17-1. Purpose; interpretation; and application.

The City of Minneapolis and the Park and Recreation Board jointly enacted concurrent 20 Year Neighborhood Park Plan ordinances to achieve a shared goal of closing a neighborhood parks funding gap. An important element of the joint 20 Year Neighborhood Park Plan ordinances was a commitment to ensure that racial and economic equity criteria were utilized in determining the distribution of funds to neighborhood parks during the period of the Plan. PB17 is being adopted to implement the goals of the joint 20 Year Neighborhood Park Plan ordinances and establish objective criteria to assist the Park Board, the Park Board Superintendent and Park Board staff in evaluating the relative need of all neighborhood parks. PB17 is intended to be read in conjunction with PB16 and in furtherance of the goals outlined therein.

PB17-2. Definitions. The terms defined in PB16-2 apply to this Chapter. In addition, the terms below have the following meanings:

Crimes against a person means Criminal Homicide, Forcible Rape, Robbery and Aggravated Assault.

Neighborhood means that section of the City defined by the bylaws of the relevant neighborhood organization required by the Neighborhood Revitalization Program Law, Minn. Stat. § 469.1831, subd. 6(b), and reference by City of Minneapolis Geographic Information Systems map Neighborhoods & Communities.

Park staff means any employee of the Minneapolis Park and Recreation Board.

Superintendent means the Superintendent of the Minneapolis Park and Recreation Board.

PB17-3 Equity evaluation required.

Prior to the Annual Report required by PB16-3(G)(2), the Superintendent shall direct park staff to complete a criteria-based equity evaluation of each neighborhood park as outlined in PB17-4.

PB17-4 Equity evaluation procedure.

Each neighborhood park shall receive a criteria-based equity rating to be calculated as follows:

A. Community Characteristics

1. The City is divided into eighty seven (87) neighborhoods.
2. Each neighborhood park within a single neighborhood shall receive the same score for the Community Characteristics defined by this section
3. Racially Concentrated Areas of Poverty
  - a. Finding: Individuals who live in poverty are less likely to have access to private transportation which can result in less access to parks and recreation opportunities beyond their neighborhood parks. Residents who live in poverty often have less access to open space and recreation options and are more likely to experience a variety of chronic health problems, some of which are impacted by their physical environment, including access to parks and open space. Additionally, communities of color and areas of poverty often experience a lack of public and private investment relative to other areas.
  - b. Park staff shall use the latest data and estimates from the U.S. Census Bureau to identify Areas of Concentrated Poverty, Racially Concentrated Areas, and Racially Concentrated Areas of Poverty. Park Staff shall provide the Superintendent with the raw data used to make calculations.
  - c. Neighborhoods where 40% or more of residents earn less than 185% of the federal poverty threshold and where 50% or more of residents are people of color are Racially Concentrated Areas of Poverty will score 5 points. Neighborhoods where 40% or more of residents earn less than 185% of the federal poverty threshold are Areas of Concentrated Poverty will score 3 points.
4. Population Density
  - a. Finding: Developed areas with more people can mean many local park users and may also indicate fewer acres of open space, either public or private, for recreation or leisure.
  - b. Park staff shall calculate the population density per square mile using the latest data or estimates from the U.S. Census Bureau. Park Staff shall provide the Superintendent with the raw data used to make calculations.
  - c. Neighborhoods with ten thousand (10,000) or more people per square mile will score 3 points. Neighborhoods with six thousand seven hundred and fifty to nine thousand nine hundred and ninety-nine

(6,750-9,999) people per square mile will score 2 points. Neighborhoods with less than six thousand seven hundred and forty-nine (6,749) people per square mile will score 1 point.

5. Youth Population

- a. Finding: Parks and their physical assets provide opportunities for an active lifestyle for households with children. The MPRB strives to serve the youth of Minneapolis through both facilities and programming by ensuring that neighborhoods with large populations of children have well-funded recreation options nearby.
- b. Park staff shall calculate the neighborhood youth population using the latest data or estimates from the U.S. Census Bureau. Park Staff shall provide the Superintendent with the raw data used to make calculations.
- c. Park staff shall calculate the number of residents under 18 years old as a percentage of the population. Neighborhoods with a youth population greater than 24% will score 2 points. Neighborhoods with a youth population between 16% and 24% will score 1 point.

6. Neighborhood Safety

- a. Finding: Well-designed and maintained parks create safer places for people to gather and provide a sense of community. Developing and maintaining a vibrant neighborhood park that promotes community safety, both real and perceived, is important to building and sustaining strong neighborhoods.
- b. Park staff shall use the most recent Minneapolis Police Department Uniform Crime Program reporting data, for a time period of one (1) year, to calculate the number of crimes against persons per thousand residents for each neighborhood. Park staff shall provide the Superintendent with the raw data used to make calculations.
- c. Neighborhoods with more than 10 crimes against persons per thousand residents will score 2 points. Neighborhoods with between 4.1 and 9.99 crimes against persons per thousand residents will score 1 point.

B. Park Asset Characteristics

1. Each park shall receive a unique Park Asset Characteristic score to be determined as follows:
2. Asset Condition
  - a. Finding: Assets need regular inspection and preventative maintenance to identify elements that are unsafe or have now become noncompliant according to changing federal or state code requirements. Assets or facilities that need to close for repair work can displace programs and interrupt service to the community. Therefore, the condition of

individual park amenities is a critical factor in determining whether capital funds are necessary for that location.

- b. At least yearly, the Superintendent shall direct the park staff from both the local maintenance service area and citywide trade shops to rate each asset within the neighborhood park.
- c. When appropriate, the Superintendent may also contract outside experts, including, but not limited to, engineering firms, to rate neighborhood park assets.
- d. It is the goal of this section for the Superintendent to direct multiple park staff members or outside experts to rate each park asset.
- e. Assets that present a safety concern or could be taken out of service due to deficiencies will score 5 points. Assets that function as a result of numerous and ongoing repairs will score 4 points. Assets that are functional, but could benefit from rehabbing or replacement will score 3 points. Assets that are functional and reliable will score 2 points. Assets that are new or like new will score 1 point.
- f. Multiple Asset Condition ratings of individual assets shall be averaged to figure the asset's final Asset Condition rating.
- g. The average Asset Condition rating of all of a neighborhood park's assets shall be averaged to figure the park's final Asset Condition score.

### 3. Asset Lifespan

- a. Finding: Individual park assets have a projected lifespan from the time they are first built. Once the asset exceeds its lifespan, cost for maintenance and repair increases and chances of breakage, injury, or closure of the amenity are much higher. Park assets later in their lifespan need more attention and increased investment to ensure they remain available to the public.
- b. Park staff shall use the MPRB's Comprehensive Plan inventory and As-built plans to determine which assets are nearing or beyond the end of their useful lifespans.
- c. Each park asset shall receive an Asset Lifespan score.
- d. Assets whose lifespan expired more than five years before the current year will score 3 points. Assets whose lifespan expired less than 5 years before the current year or will expire within the next 5 years will score 1 point.
- e. The Asset Lifespan scores of all assets of a neighborhood park shall be averaged to determine the park's final Asset Lifespan score.

### 4. Proportionality of Investment

- a. Finding: Parks where a small proportion of the capital asset value was reinvested in the past 15 years are much more likely to be due for significant reinvestment.

- b. Park staff shall use the MPRB's Capital Improvement Plan and projected asset values, to determine the amount of capital invested in a neighborhood park in the past 15 years relative to the total cost to replace all existing park assets.
- c. Neighborhood Parks with zero percent (0%) of the total cost to replace existing park assets invested as capital within the past 15 years will score 3 points. Neighborhood Parks with one-tenth to nine and nine-tenths percent (0.1% to 9.9%) of the total cost to replace existing park assets invested as capital within the past 15 years will score 2 points. Neighborhood Parks with ten to twenty-four and nine-tenths percent (10%-24.9%) of the total cost to replace existing park assets invested as capital within the past 15 years will score 1 point.

The Superintendent shall direct park staff to produce an ordered ranking of neighborhood parks by combining each park's Community Characteristic and Park Asset Characteristic scores annually. Such ordered ranking shall be included in the Superintendent's Recommended Budget to the MPRB Board of Commissioners and the final budget recommendations shall be included in the Annual Report required by PB16-3(G)(2) and used to update the MPRB's five-year project schedule. This ordered ranking will be used to determine equitable distribution of capital and rehabilitation funding, on a rolling basis, for the 20 Year Neighborhood Park Plan beginning 2017 and ending 2036.

Section 2. That this Ordinance shall take effect and be in force from and after its publication.

Passed and adopted on this 6th day of July, 2016

/s/ Liz Wielinski  
President of the MPRB

Approved:

/s/ Jennifer Ringold  
Secretary of the Board

/s/ Betsy Hodges  
Betsy Hodges, Mayor
